2022 REGISTRATION

REGISTRATIONS OPEN 1ST DECEMBER

Full Season Registration

The most economical option for drivers looking to compete in four or more rounds and required to be eligible for championship points.

Guest Registration

Can't compete in the whole season?
Only able to make one, two or three races next year?
Want to compete in the Three Nations Cup?

No problem: Guest registration is available to all competitors in eligible cars. Guest drivers will not score regular season championship points, but will be eligible for Three Nations Cup points.

Three Nations Cup

Created especially for those drivers that cannot commit to the full season, but also allowing season regulars to compete (with a twist), the Three Nations Cup provides a new challenge within Caterham Motorsport.

Guest drivers (those registering for individual events rather than the whole season), will score points towards to the Cup at the relevant rounds. They will also be eligible for trophies in the race, just as usual.

Here's the twist: Regular drivers will also score points towards the Cup, until they bag a podium at any one of the Cup rounds, at which point they take themselves out of the running!

Why?

Guest drivers generally have less time to practice and race (which is why they are guesting), so hitting the very front of the field is a big ask, given that our championships are the most competitive. By removing podium regulars, we think the playing field for the Cup is levelled. Maybe it's a best-of-the-rest; but we like to think of it as an opportunity to reward those track-battles that often provide the very best racing.

Three Nations Cup rounds:

- Silverstone GP
- Anglesey
- Knockhill
- Spa-Francorchamps

(Best six of eight results for Seven 270R and Seven 310R drivers – which is why it's three nations, not four...)

THE CHAMPIONSHIPS

- ARDS Course
- Pre-season trackday
- Pre-season testday
- Seven competitive weekends
- 1 x Sprint
- 7 x 20 minute races
- 6 best scores out of 8
- Bonus free practice session at Anglesey
